## INDEPENDENT AUDITORS' REPORT

Board of County Commissioners Labette County, Kansas

## Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Labette County, Kansas (the County), as of and for the year ended December 31, 2022, and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse and Unmodified Opinions" section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County, as of December 31, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County, as of December 31, 2022, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

## Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statement" section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the County, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually, or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is
  expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, and schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Labette County, Kansas, as of and for the year ended December 31, 2021 (not presented herein), and have issued our report thereon dated September 1, 2022, which contained an unmodified opinion on the basic financial statement. The 2021 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/accounts-reports/local-government/municipal-services. The 2021 actual column (2021 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year December 31, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2021 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statement. The 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2021 comparative information is fairly stated in all material respects in relation to the 2021 basic financial statement as a whole, on the basis of accounting described in Note 1.

## Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the County's basic financial statement. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 6, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## **Note 1 Summary of Significant Accounting Policies**

The financial statement and schedules of Labette County, Kansas, have been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. The Governmental Accounting Standards Board is the principal standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies follow. Note 1 describes how the County's accounting policies differ from accounting principles generally accepted in the United States of America.

## **Reporting Entity**

The County is a municipal corporation governed by an elected three-member Board of County Commissioners. This financial statement presents Labette County, Kansas, as a primary government only. The County has waived the application of generally accepted accounting principles and, as such, has not included any related municipal entities in this financial statement.

## **Basis of Accounting**

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The Kansas Municipal Audit and Accounting Guide regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

## **Basis of Presentation**

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following Regulatory Basis Fund Types comprise the financial activities of the County for the year ending December 31, 2022:

<u>General Fund</u> -- the chief operating fund. Used to account for all unrestricted resources except those required to be accounted for in another fund.

<u>Special Purpose Funds</u> -- used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

<u>Business Funds</u> -- funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service funds, etc.).

<u>Trust Funds</u> -- funds used to report assets held in trust for the benefit of the entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

<u>Agency Funds</u> -- funds used to report assets held by the municipal reporting entity in a purely custodial capacity.

## **Property Taxes**

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

## **Reimbursed Expenses**

K.S.A. 79-2934 provides that reimbursed expenditures, in excess of those budgeted, should be recorded as reductions in expenditures rather than as revenues. In the financial statements and budget comparison schedules presented in this report, reimbursements and refunds are recorded as revenues. The reimbursements are recorded as cash receipts when received by the County Treasurer and are often difficult to identify the exact expenditure which they are reimbursing. In funds showing expenditures in excess of the original adopted budget, reimbursements are added to the adopted budget as budget credits for comparison with the actual expenditures.

## **Pension Plan**

Substantially all full-time County employees are members of either the Kansas Public Employees Retirement System or Kansas Police and Fire Retirement System, both of which are multi-employer state-wide pension plans. The County's policy is to fund all pension costs accrued. Such costs to be funded are actuarially determined annually by the State of Kansas.

## **Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The County held a revenue neutral rate hearing for the year ending December 31, 2022.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During the year ended December 31, 2022, the County amended the following funds, in the amounts indicated:

	Original	Amended
	<u>Budget</u>	<u>Budget</u>
Abandoned Cemetery Maintenance Fund	\$ 120,723	145,723
Healthcare Services Fund	850,000	1,000,000

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, trust funds, and the following special purpose funds of the County:

Opioid Settlement Fund Prosecuting Attorney Check Fees Fund

Special Bridge Reserve Fund Drug Enforcement Grant Fund
Great Plains Development Franchise Fees Fund CDBG Mortgage Assistance Fund

Special Highway Fund American Rescue Plan Fund

Special Machinery Fund Jail Grant Fund

Special Industrial Park Road Fund

Labette/Cherokee Youth Services Fund

Transfer Station Royalty Fund

Labette/Cherokee Youth Program Fund

Special Auto Fund JJA Diversion Fund

Prosecuting Attorney Training Fund Juvenile IIP Carryover Fund

Special Law Enforcement Trust Fund Diversion Fees Fund

Register of Deeds Technology Fund Storm Damage Reimburseement Fund Blue Lives Matter Fund Towards No Drugs Program Fund

County Clerk Technology Fund

County Treasurer Technology Fund

Juvenile Justice Reimvestment Grant

County Treasurer Technology Fund

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

## **Note 2** Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices

Concentration of credit risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County had no investments at December 31, 2022 and held no investments throughout the year.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County has not designated any peak periods.

At December 31, 2022, the carrying amount of the County's deposits was \$34,082,241 and the bank balance was \$34,464,300. Of the bank balance, \$1,744,941 was covered by federal depository insurance and the remaining \$32,719,359 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

## Note 3 Long-term Debt

KWPCRF Loan

During 2007, the County entered into a loan agreement with the Kansas Department of Health and Environment. Under this agreement, the County borrowed a total of \$477,482 from the State's KWPCRF Loan Revolving Fund in connection with the Sewer District No. 1 Construction Project. Details of this loan agreement, along with payments due subsequent to December 31, 2022 are shown below. Repayment of this loan will be made from special assessments levied against landowners in the Sewer District. This loan is not a general obligation of Labette County.

Changes in Long-Term Debt

Changes in the County's outstanding long-term debt, for the year ending December 31, 2022 were as follows:

Leona	Interest	Date of	Amount of	Date of Final	Balance Beginning of Year	Additions	Reductions/	Balance End of	Interest
<u>Issue</u> Capital Lease Obligations:	Rate	<u>Issue</u>	<u>Issue</u>	<u>Maturity</u>	or rear	Additions	<u>Payments</u>	<u>Year</u>	<u>Paid</u>

## **Note 5** Other Long-Term Obligations from Operations

## Compensated Absences

The County's policies regarding vacation permit employees to accumulate a maximum of 144 hours of vacation time annually, depending on longevity. Policies prohibit payment for vacation time in lieu of time off, however, employees may carry over up to 72 hours of unused vacation time at the end of the year to use in the following year. Accumulated, but unused, vacation time is paid to the employee on the date of employment termination, for employees who are past their six month training period.

The County's policies regarding sick leave permit employees to accumulate a maximum of 320 hours sick leave. Policies prohibit payment of unused sick leave upon termination of employment with the County.

## Defined Benefit Pension Plan

Plan Description. The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 8.90% for KPERS and 25.00% for KP&F for the fiscal year ended December 31, 2022 (The County KP&F rate includes an additional amount for prior service that applies to Labette County only). Contributions to the pension plan from the County were \$623,727 for KPERS and \$308,557 for KP&F the year ended December 31, 2022.

Net Pension Liability. At December 31, 2022, the County's proportionate share of the collective net pension liability reported by KPERS was \$4,080,143 and \$2,466,202 for KP&F. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Employee Benefit Health Insurance Trust Fund

During 1994, the County established the Employee Benefit Health Insurance Trust fund. This fund is used to provide health insurance coverage to County employees and is funded by payroll withholdings from County employees and funds from the Employee Benefit Fund of the County.

Under this program, payroll withholdings and benefits are paid into a trust fund. The County has contracted with an insurance company to provide for payment of medical claims and overall administration of this program. Employee medical claims up to \$50,000 per employee per year are sent directly to the insurance company and are paid by them from this trust fund.

Claims over \$50,000 per employee are covered by special reinsurance purchased by the insurance company to cover these claims. The amount of health insurance premium charged to the employees is determined annually and is set in such an amount that all medical claims can be paid.

At the end of each year, the insurance company reviews the claim history and adjusts the amount of monthly payment needed. Any change needed is spread over the next three years, whether that change is an increase or decrease.

No record is maintained of outstanding medical claims incurred, but not paid; therefore the amount of unreimbursed medical claims as of December 31, 2022 is not available.

## Note 6 Stewardship, Compliance, and Accountability

Compliance with Kansas Cash Basis Law

The Sewer District No. 1 Maintenance Fund has a deficit fund balance at December 31, 2022 in the amount of \$37,443.

Compliance with Kansas Budget Law

No violations.

Compliance with Kansas Depository Security Law

No violations.

## Note 7 Federally Assisted Programs – Compliance Audits

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

## **Note 8 Pending Litigation**

The County is defendant in various lawsuits which fall under the coverage of the County's insurance carrier. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

## Note 9 Subsequent Events

The County has evaluated subsequent events through June 6, 2023, the date which the financial statement was available to be issued.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Labette County, Kansas

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide*, the financial statements of Labette County, Kansas, (the County) as of and for the year ended December 31, 2022, and have issued our report thereon dated June 6, 2023, which was qualified because the County prepares its financial statement to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of County Commissioners Labette County, Kansas

## Report on Compliance for Each Major Federal Program

## Opinion on Each Major Federal Program

We have audited the compliance of Labette County, Kansas, (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2022. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs, identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended December 31, 2022.

## Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

## Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and other provisions of contracts or grant agreements applicable to the County's federal programs.

## Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
  design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the County's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered
  necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given those limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

(1) This program was considered to be a major program

Note to the Schedule of Expenditures of Federal Awards:

Note A: General

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) presents the activity of all federal financial assistance programs of Labette County, Kansas (the County). The reporting entity is defined in Note 1 of the County's basic financial statement. Federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies are included on the Schedule.

## Note B: Indirect Cost Rate

The County did not elect to use the 10% de minimis cost rate as allowed under the Uniform Guidance

## Note C: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) is presented using the regulatory basis of accounting, which is described in Note 1 of the County's basic financial statement. This is the same basis of accounting used in the County's regulatory basis financial statement. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County.
